## YARD WASTE QUESTIONNAIRE

The SPID Board of Trustees met with ratepayers at our most recent board meeting. They presented concerns regarding the burning of yard waste. Your responses to this questionnaire will help the SPID board gauge the level of concern and the extent of the issue in our community. Thank you in advance for completing the questionnaire.

1. Have you experienced an issue with yard waste burning and resulting smoke in your neighbourhood?

YES     NO

If YES, have you spoken to your neighbours about the issue?     YES     NO

2. How do you dispose of your yard waste (i.e. tree limbs, leaves, pruning branches, etc.)? Please check all that apply.

A. Regular garbage pickup (if small enough)

B. Landfill site (e.g. the Cumberland dump)

C. Chipped and composted on your property

D. Burning

If burning, how often do you burn in a year?     1-2 times     3-4 times     more than 4 times

If burning, do you check the ventilation index (smoke control forecast) first?     YES     NO

If burning, do you use a blower to increase flame and make the fire hotter?     YES     NO

3. If there was a cost effective chipping option in the community would you use it?     YES     NO

4. Comments:

Please use reverse side of page for comments and thank you for completing this questionnaire.
